TECHNICAL SPECIFICATIONS

- Working height 48' (14.6 m)
- Working side reach 38' (11.6 m)
- Boom sections: 2
- Platform type: EZR removable
- Platform capacity 500 lbs (227 kg)
- Platform size 30" x 54" (76 x 137 cm)
- Jib winch capacity 500 lbs (227 kg)
- Main winch capacity 2000 lbs (907 kg)

KEY BENEFITS

- Steel boom extends hydraulically without cables or chains for reduced maintenance and a smoother ride.
- Elliott's Dynasmooth upper work platform control system includes a foot enabled switch and individual joysticks with hi/lo range for excellent sensitivity adjustment.
- The M43 model does not have side reach envelope limits, allowing the operator to boom up and out in any direction without restriction (within chart capacity limits).
- Oversized turret and bearing provide long-term reliability and excellent stability.
- Optional main boom winch allows for material handling with the work platform attached or removed.
- Optional 500 lb capacity jib winch conveniently stows in the work platform and permits lifting materials while in the work platform, reducing the need to make multiple trips to the ground.
- One year parts/labour warranty and lifetime structural warranty.
- Welder with welding leads, airline, and product lines available at the platform upon request.
